

# Opal – Beside the Sea: A Coastal Study

## Choose your homework from the grid below:

You can choose as many tasks as you like. If you need a book or paper to record your work, just ask. You have the whole half term to choose and complete as much as you can. Return before **Monday 22<sup>nd</sup> July** for marking and a reward.

<p>Research a coastal environment to show the positives and problems that natural processes can cause e.g. erosion.</p> <p><i>You can be creative e.g. draw a cartoon, storyboard or write a script or newspaper report about a particular event.</i></p>	<p>Write a fact file about an animal that lives along the U.K. coastline.</p>	<p>Create a 3D model of a coastal area. Make sure you label the features!</p>
<p>Using your knowledge of coastal landforms, create your very own edible landform. Take a photo and annotate it to show which landform is which!</p>	<p>Create a comic strip which shows the transition of a cliff into the different coastal features (such as an arch).</p>	<p>You could visit the beach and take lots of pictures of the coastal features whilst you are there.</p>
<p>Create a poster to persuade people against plastic pollution.</p>	<p>Create a collage showing the power and danger of the sea.</p>	<p>Write an acrostic poem for the word 'COAST'.</p>
<p>Create a word search including 10 key words you have learnt from our topic.</p>	<p>Create a geography dictionary on coastal key words that could be used to teach a future class.</p>	<p>Read a book and write a review. What did you like about it? What did you dislike? Would you recommend it to a friend?</p>
